Special Activities			<ul style="list-style-type: none"> health screenings--coming back in two weeks Notes: Objectives / Dimensions: None Children: None		
Materials					

Family Partnership	<ul style="list-style-type: none"> Initial home visit information, my child information, info from family observation journals, visits with parents at arrival and departure and with bus driver and monitor, information from family Conferences Sending home tree info adn progression- news letter and calendar
To-Do List	<ul style="list-style-type: none"> ICP's coming up; observations in Spanish needed More webbing about trees with children- review study starters

Reflecting on the Week

- It is hard to do movement and phonics when stereo isn't working! Thinking about Arbor Day- trees/celebration of project, connect with parents to possibly plant trees in the woods, or..., thinking about week of the young child and inviting community members to come read: Head Start Director, State and local reps that support Head Start. Need to invite a sheriff over to talk with the class (possibly do a story time)- need from play observation
